WILSON WILL ACT ON BILL

Washington, May 24.—President
Wilson may have actually before him
this week for his approval or rejection
the much buffeted \$117,000,000 sun-
dry civil appropriation bill which in-
cludes the provision exempting labor
unions and farmers' organizations
from prosecution through funds ap-
propriated for the enforcement of the
Sherman anti-trust law. What the
president will do with the measure
because of the exemption clause
which caused former President Taft
to veto it is engaging country wide
attention.

The executive's office has been
flooded with letters and petitions re-
garding the measure, some urging
him in emphatic language to veto it
because of the exemption clause and
others appealing to him to give it his
approval.

While the president is deliberating
the house and senate conferees have
been marking time.
The tariff situation will reach an
interesting period this week when the
senate finance sub-committee get
down to the actual work of writing
their revisions of the Underwood bill.
When the private hearings close
Tuesday, the three sub-committees
will begin to sift through the mass
of material procured in the private
hearings and through briefs filed with
them by protesting manufacturers. Al-
though Senator Simmons, chairman of
the finance committee had hoped that
the work of revising the schedules
could be concluded this week there is
little prospect of it.

Senator Williams' sub-committee
will take up the insurance feature of
the tax section of the bill. Another
measure to occupy this sub-commi-
tee will be the amendments of the
administrative features of the bill
proposed by Assistant Attorney Gen-
eral Denison and Assistant Secretary
of the Treasury Curtis. The amend-
ments being seriously considered are
one to give the secretary of the treas-
ury the right to proclaim valuations in
ad valorem goods and another to
prohibit attorneys taking up disputed
cases of the senate and Demo-
cratic national committee regard-
ing the increased senatorial repre-
sentation question and oint campaign
preliminary plans.

Representative Johnson of Ken-
tucky is still in the lead for the chair-
manship despite reports of his with-
drawal. Mr. Johnson all along has
stated that he would not accept the
office if his election came about in
any other than a dignified way with-
out a scramble whatever. Representa-
tive Lloyd's re-election over his an-
nouncement that in view of his long
service the chairmanship honors
should go to someone else is a possi-
bility in the event of Mr. Johnson's
non-election. Mr. Lloyd is not a can-
didate but has never stated that he
would decline if re-elected.

DISLOCATED NECK CAUSES DEATH

Calgary, May 26.—A dislocated neck
Saturday caused the death of Luther
McCarty in his fight with Arthur
Pelkey was the information given out
last night by Doctor Mosher, at the
request of Coroner Costello.

It was stated by the physicians that
death undoubtedly had been caused
by the dislocated neck and that the
heart was found to be sound. A clot
of blood on the brain aided in con-
vincing the physicians that death was
not due to the blow near the heart.
Shortly after the contest began
McCarty received a sharp jab to the
jaw which sent his head back quick-
ly. It did not appear to have caused
any pain and he was afterward on
his feet for half a minute. The left
to the jaw was followed by Pelkey
with a right to the heart region which
caused the spectators to believe the
latter blow had brought the knockout.
Physicians are of the opinion that
the dislocation of the neck was not
sustained in the fall which followed.
He fell slowly and did not strike his
head.

Shortly before midnight Sunday
and after the second examination had
been made the result of the autopsy
held last night also was made known.
The physicians stated the investiga-
tion showed that McCartney died as a
result of a blow to the jaw which dis-
located his neck, causing a rupture
of the spinal cord and a hemorrhage
of the brain.

In discussing the case last night
the crown prosecutor stated that all
prize fighting is illegal under the
statutes of Canada. It was intimated
that in addition to the charge against
Pelkey other charges would be placed
against Tommy Burns as promoter,
Eddie Smith of Chicago as referee
and Bill McCarney, manager for Mc-
Carty. These, however, are not ex-
pected for some time. A peculiar
situation confronts the authorities
because of the fact that the bout was
held outside the city, that it was un-
der the jurisdiction of the mounted
police and that several police offi-
cials attended the contest, none, how-
ever, protesting that it was illegal.
The case of Pelkey will not be far
enough advanced to be tried as the
assizes which are now sitting, and if
heard will come up in October at the
earliest.

TO ASK FOR BIG DAMAGES

Long Beach, Cal., May 26.—Pros-
pective damage suits aggregating
probably \$1,000,000 or more and a
grand jury investigation engaged the
attention of city officials today as
the most imminent outcome of the
disaster Saturday when thirty-five per-
sons lost their lives in the collapse
of a portion of the municipal pier just
after the close of the British "Em-
pire Day" celebration.

The list of dead, which numbered
35 Saturday night, was added to by
the death of Mrs. E. C. Bush, 70 years
of Long Beach, who succumbed to
her injuries yesterday afternoon. The
list is expected to be further increased
by the death of Miss Margaret Reed,
aged 12 of Long Beach, whose back
was broken, and of William Cooper
of Pasadena, one of the two veter-
ans of the Crimean war, who were in
the van of the Empire day parade.

Rectification of errors made Sunday
in the list brought out the following
names:
Miss Frances Harriet Newell, Ke-
nosha, Wis.
Mrs. Mollie Gates, Oak Park, Ill.
Miss Lillie M. Holme, Denver, Colo.
Ernest E. Eales, Los Angeles.
Mrs. Eales, his wife.
Mrs. M. P. McDonald, Compton, Cal.
Eales was the man killed and his
body remained unidentified until late
yesterday. Both he and his wife
were dead when taken from the death
ple. Mrs. McDonald, an aged wom-
an, died late Sunday.

While City Attorney Stephen Long
was occupied with the legal phase of
the disaster's aftermath, Mayor I. S.
Hatch, members of the city council
and the board of public works com-
ferred with District Attorney John D.
Fredericks with reference to the grand
jury inquiry which will be started ei-
ther before or just after the coroner's
inquest Tuesday. The object of the
inquiry is to fix responsibility for the
condition of the pier, a section
of which in front of the municipal
auditorium, went under a weight
of human beings which has been es-
timated at less than 750 tons.

On the order of the district at-
torney two officers were placed on
guard over the ruined section of the
pier. They were instructed to keep
watch constantly, in twelve-hour
shifts, until relieved by the grand
jury and allow no tampering with any
part of the structure that collapsed
and dropped several hundred merry-
makers down a funnel of jagged tim-
bers and boards to the strand within
a few feet of the ocean tides. Several
broken timbers, which are expected
to show the general condition of the
pier and thus aid in developing the
cause of negligence if there be any
were taken out of the pier and locked
up under official seal.

The weakness of the pier, which
was built eight years ago and never
repaired in that particular portion, is
believed to have been due to decay
caused by the action of salt air on
wood and its iron fastenings.
However it was declared that a
much stronger structure might have
been wrecked under the same circum-
stances as the participants in the big
parade marched on the pier in step.
Military men pointed that the rhyth-
mic vibration created by the meas-
ured tread of thousands of feet caused
a tremendous strain upon the pier
ports which already had been heav-
ily burdened by the crowd thronged
about the auditorium doors awaiting
admittance.

The grand jury investigation was
demanded by the officers of the
United Societies of British-Born resi-
dents and visitors whose celebration
of Queen Victoria's birthday anniver-
sary was interrupted by the tragedy.
City Attorney Long answered reports
of the prospective damage suits with
the statement that in his opinion the
city could not be held responsible for
the deaths and injuries because no
charge had been made by the city for
the use of the municipal amusement
pier.

All but the most seriously injured
were removed to their homes in Los
Angeles and neighboring cities yester-
day.

The total number of injured prob-
ably will never be known. About 60
however, were seriously hurt, most
of them still being in hospitals here
and in Los Angeles.

PUT LID ON PRIZE FIGHTS

Calgary, May 25.—Arthur Pelkey,
from whose stiff right hook near the
heart Luther McCartney fell dead in
the ring at the Burns arena Saturday
afternoon, will face a charge of man-
slaughter in police court here Monday.
The Royal Northwest mounted
police completed the necessary pa-
pers in the charge placed against him
today.

Just before the death of McCartney
was announced it developed today
Pelkey had slipped into his street
clothes at the request of his trainers
and was driven to his hotel in an au-
tomobile. It was not until after he
had washed and dressed that he learned
of McCartney's death. He started
from the hotel when officers arrived
and took him into custody.

An autopsy was held over the dead
fighter's body late last night and an
inquest will be held tomorrow after-
noon. The result of the post mortem
is withheld pending the inquest.

Numerous doubts today were ex-
pressed as to the actual cause of
death. It did not seem as though
there was sufficient force behind the
blow to the heart to cause death, sev-
eral have said.

Pelkey said he did not believe his
punch actually landed near the heart.
It was currently rumored here to-
day that McCartney had suffered from
a slight weakness of the heart and
this in conjunction with the excite-
ment of the fight and the landing of
the unexpected punch, are generally
blamed for his death.

McCartney's body will be shipped to
his birthplace, at Hastings, Neb., Mon-
day night. The fatal ending will have
the effect of putting the lid down tight
on boxing bouts in eastern Canada.
Tommy Burns succeeded for just one
year in running bouts at his arena lo-
cated outside the city limits.

HEAVY LOSS TO ITALIANS

Chiaso, Switzerland, May 26.—The
strict censorship which the Italian
government has imposed on all news
relating to the state of affairs in
Tripoli and particularly with regard
to the defeat of the Italian forces at
Sidi Garba on May 16, has made it
difficult to obtain exact information
of reverses in that territory. It has
been learned, however, that the dis-
aster at Sidi Garba was due to a well
laid plan of the Arabs.
An Italian workman named Ma-
chiavelli, who had been taken pris-
oner by the Arabs was allowed to es-
cape after being carefully primed
with false information which he car-
ried to General Garibaldi.

Instead of waiting to carry out a
scheme of co-operation with General
Tassoni, who was on his way from
Benghazi with a strong force General
Garibaldi on the strength of the
workman's report that the number of
the enemy was small, decided to at-
tack alone. Accordingly he divided
his 3,000 men into three columns
which were supported by four guns
and a battery of howitzers. After the
first flush of victory the Italian sol-
diers were resting suddenly each col-
umn was set upon from front and
rear and cut off from the others. At
the same time they were subjected to
a heavy shell fire. The Italians showed
admirable courage. One detach-
ment lost 36 out of 40 men, and it
was soon apparent that retreat alone
would save the forces from annihilation.

Colonel Magdalen was shot as he
lay dying, writing a report praising
his men and recommending for pro-
motion his major, although twice
wounded, took command.
General Garibaldi on his return to
Derna said:

It was the bloodiest day of the
whole Italo-Turko war. The Italian
losses are estimated at 1,000.

PRIZE FIGHT ARENA BURNS

Luther McCartney was killed Saturday
afternoon, in a fight with Arthur Pel-
key, was burned to the ground late
last night.

The cause of the fire has not
been explained.
Four deaths were narrowly aver-
ed. Wesley Benson, his wife and
two children were asleep in one cor-
ner of the building, and they escaped
just in time.

NO VERDICT IN THE INLOW CASE

Salt Lake, May 26.—Although
charged with the important task of
rendering a verdict upon the result
of which depends the life of Caleb A.
Inlow, the jury in the case came
into the courtroom yesterday morning
at 11:30 o'clock, and by questions to
Judge M. L. Ritchie indicated that a
serious disagreement had arisen in
the body. At 1 o'clock last night no
verdict had been reached.

"Have the other jurors the right to
call a juror dishonest if he will not
recede from his position?" was asked
of the court by C. R. Epperson.
"The jurors should treat each other
with respect," said Judge Ritchie.
"They should observe the ordinary
etiquettes of life."

"Have the jurors the right to call
me dishonest when I disagree with
them?" insisted Epperson.

And before Judge Ritchie could re-
ply a second time, Juror Arthur Rob-
inson asked if he might make a state-
